Fifty Golden Years

Tami Tuttle and Kevin Wulff represent
the anxious but eventful days of
1912 . . . 50 golden years ago.

In the midst of the tall pines, where Lewis and Clark now stands, a six-room wooden schoolhouse, built about 1887, founded a dynasty of graduates that has continued through the years.

In 1891, as Spokane grew, South Central High School was erected on this site. The new high school burned to the ground early in June, 1910.

From its ashes, a new and more beautiful structure, Lewis and Clark High School, arose. This building was designed by Mr. E. E. Rand and was not only the pride of Spokane, but was superior to any other similar structure west of the Mississippi River.

In the spring of 1911, former President of the United States, Theodore Roosevelt, accompanied by many state and city dignitaries, led the cornerstone-laying ceremony.

While dining with some fellow teachers, South Central's principal, Henry M. Hart, suggested the name Lewis and Clark for the new school. He felt that this name, in honor of the Northwest's explorers, Meriwether Lewis and Lieutenant William Clark, added new color and character.

Maintaining their "Orange and Black" spirit, South Central students attended classes at North Central High School for a year and a half while the new school was being constructed.

On April 8, 1912, Lewis and Clark students entered the new high school for the first time. Among its distinctive features were the tall clock tower, a large central auditorium, and an elegant main entrance with marble-lined walls, and a brass chandelier. The new classrooms were arranged in suites of rooms for each department and furnished with the latest materials and equipment.

With the reorganization of school clubs and functions Lewis and Clark's school spirit grew to great proportions.

The earliest student project was the art collection, begun in 1910 by South Central students. The greatest portion of the collection was destroyed during South Central's fire.

In 1923 a \$23,000 student project made possible the purchase of a pipe organ. After forty years this organ is still in use.

Another project raised the funds for the purchase of a playfield on the south hill in 1924. The 52-acre tract costing \$52,000 was named Hart Field in honor of Principal Henry M. Hart.

Two service flags and a memorial plaque have been dedicated to the alumni and students who fought in World Wars I and II. The

Mary Ann Gokee and John Harshman represent those wonderful days—the roaring 20's—at Lewis and Clark.

World War II flag hangs in the main hall. The plaque is embedded in the wall of the main entrance.

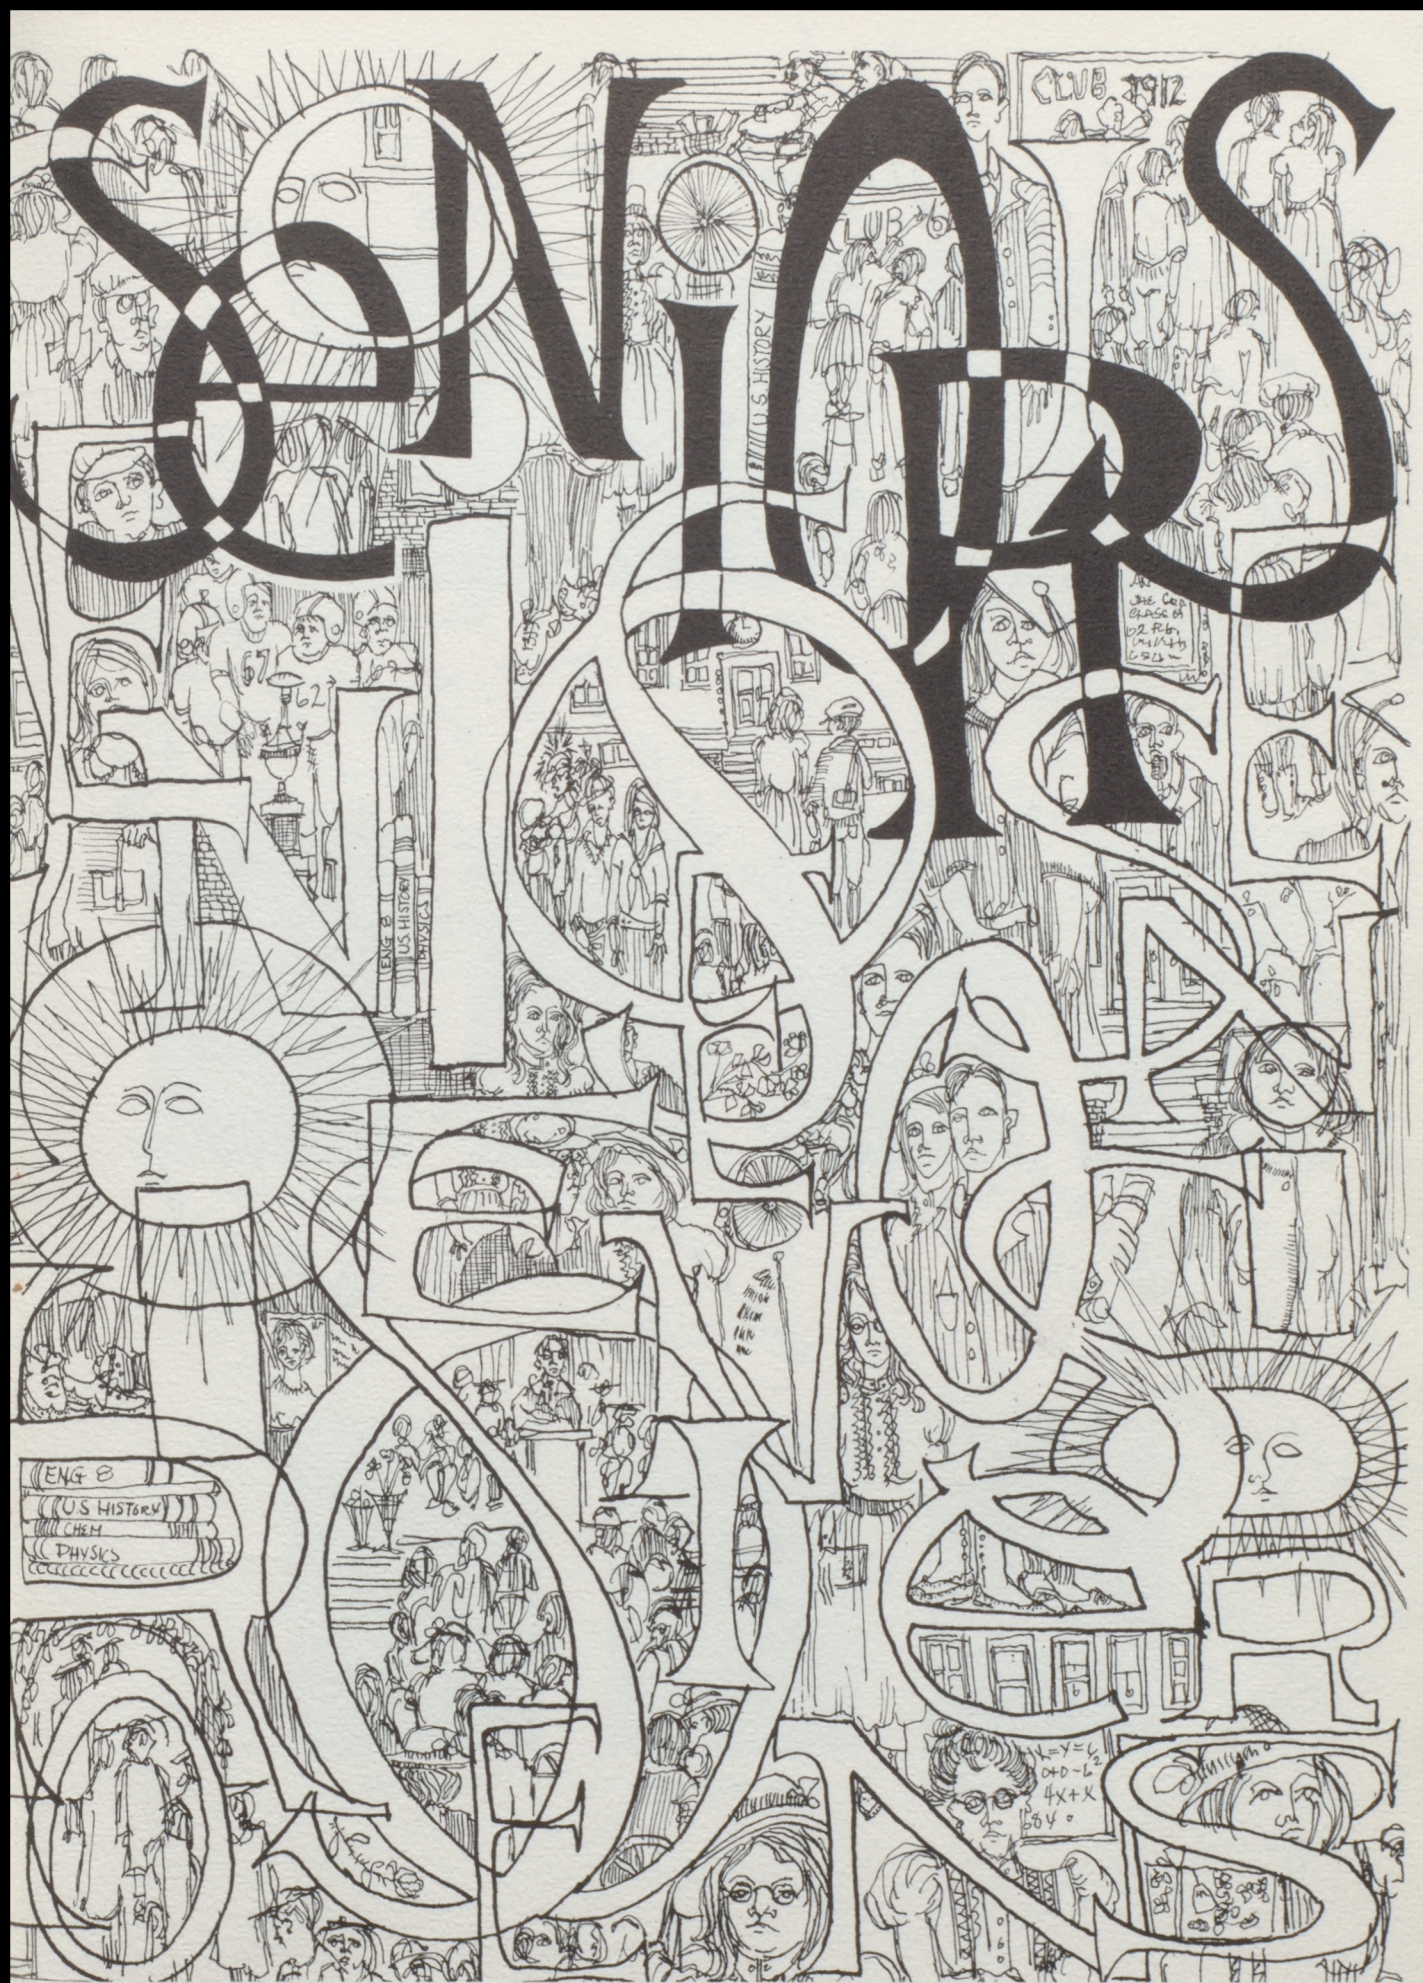

Since Lewis and Clark opened fifty years ago it has had three principals. These are Henry M. Hart, past principal of South Central; Truman G. Reed, named by the school board in 1937; and Abraham Lincoln Parker, principal since 1942.

Evidence of Lewis and Clark's athletic achievements can be seen in the main hall trophy cases. These cases were dedicated to the student body in 1951.

With increased enrollment, it has been necessary to hold classes in the old Spokane Trade School, one block west of Lewis and Clark. This structure was originally the Hawthorne Grade School, later to become the Spokane Continuation High School, the Spokane Trade School, and finally the Lewis and Clark Annex. The Annex has been in use since the fall of 1958.

The Freedom Shrine which consists of twenty-eight reproductions of famous United States historical documents was presented to the Lewis and Clark student body by the Spokane Exchange Club in the spring of 1961. It has been permanently placed on the wall of the front hall.

Lewis and Clark stands today as it did fifty years ago. Although there are newer schools in the city, none can match Lewis and Clark's wealth of spirit and tradition. Each graduate through the golden years has taken with him memories never to be forgotten.

Mike

"After one school year at Lewis and Clark High School, I'll go back to my country with all the knowledge that I gained from living with you, sharing responsibilities and fun. I'm going to tell my people how great is the U. S. A.

Thank you, students and faculty of 'old LC,' for giving me a chance to come and stay here. It has helped me to know this land, its inhabitants, its daily activities, its life.

I urge you to bring more students from different countries to spend a year here. In this way we'll find understanding of each other—that is what the world needs."

Gather ye rosebuds while ye may.

Look, Mom, no cavities!

Oh, Dykie, I simply adore tall, handsome men.

It's down the hall and to the left, Doll.

Tiger

You're certainly trying . . .
very trying.

Keep smiling, it makes people
wonder what you've been up to.

Dr. Livingston, I presume.

Accuracy is our policy . . . we
never make mistakes.

Men aren't the only thing in the
world. I just happen to like
them best.

Times

What else can you expect from
a day that starts with
the morning?

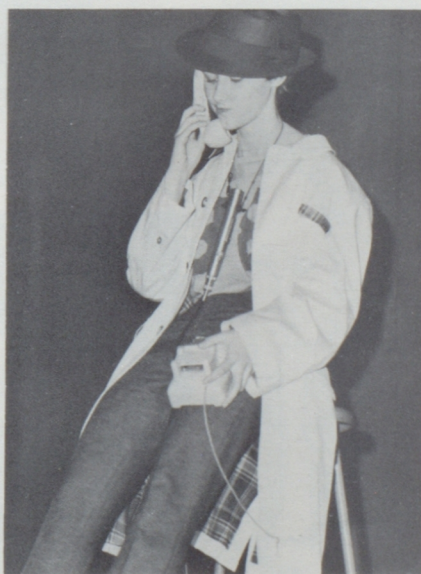

Come in. Everything else has
gone wrong today.

Don't be afraid to ask questions.
All we'll do is laugh.

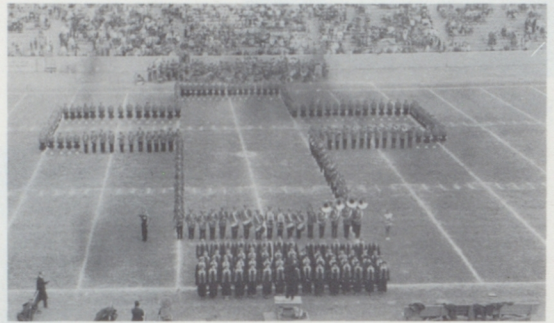

You Tarzan. Me Jane.

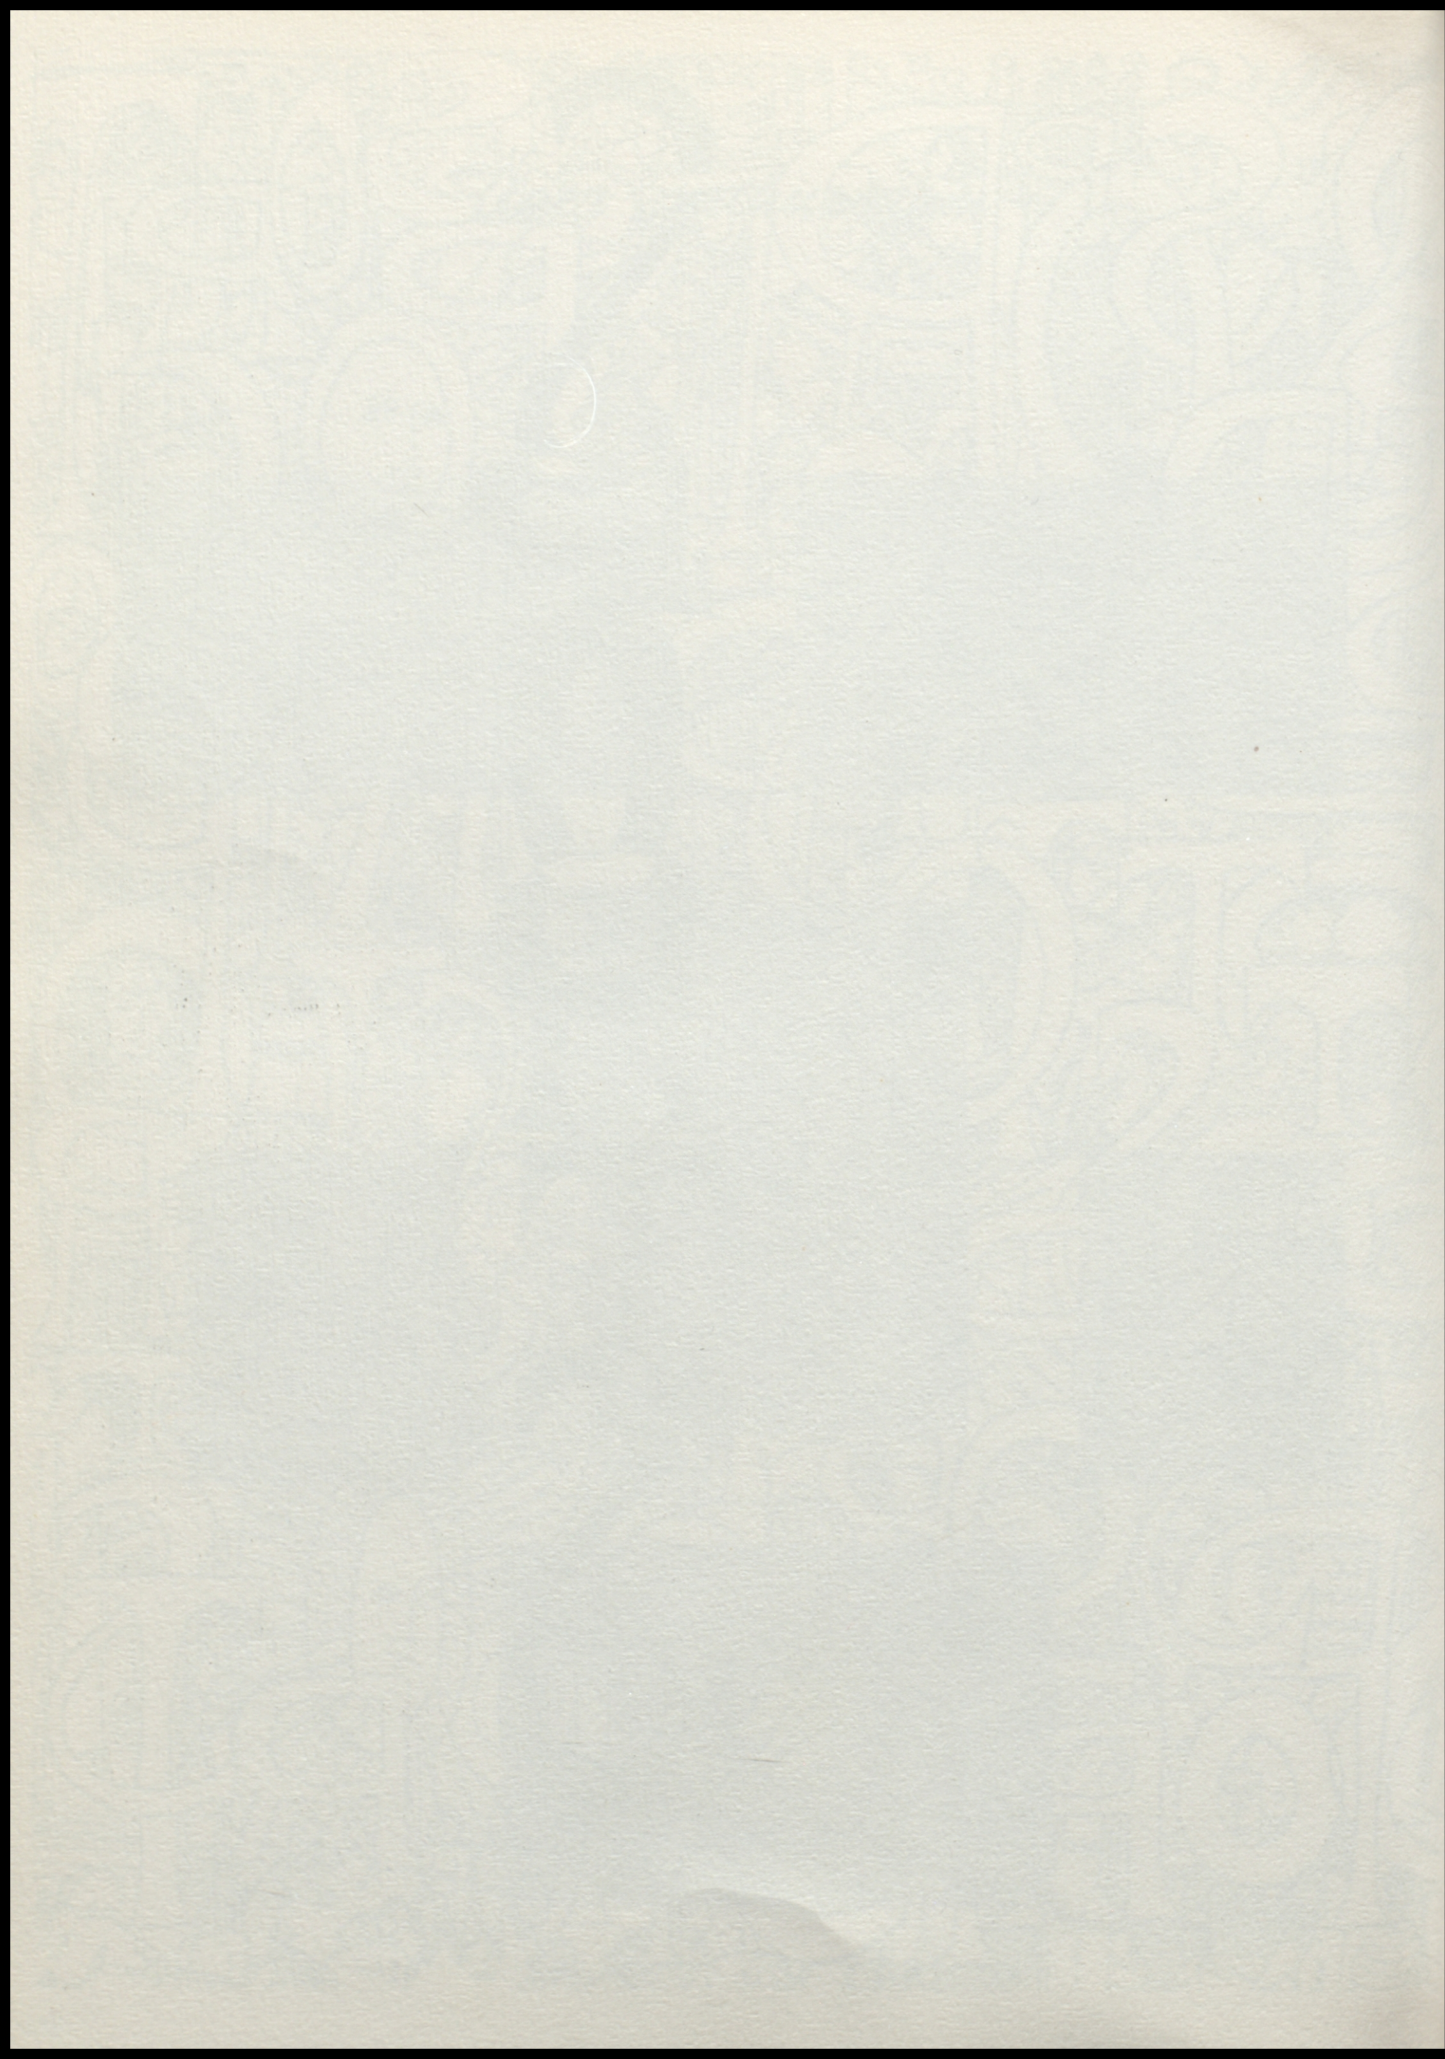

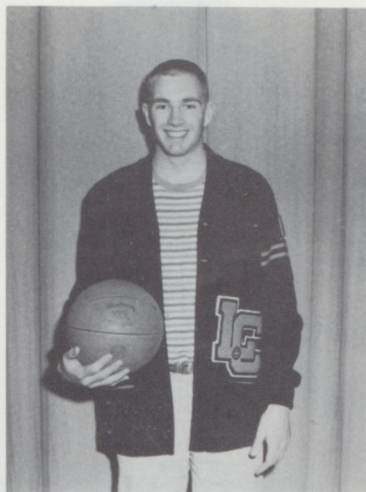

No reason for it. Just school
policy.

Senior Varsity

Football victories were numerous last autumn as the Lewis and Clark gridders captured the City League crown and placed second in the state Associated Press poll with an 8-1 record.

The Tigers dominated the city league's statistics with what many thought was the best team in the history of Lewis and Clark, if not the best in the history of the city league.

Seven Lewis and Clark football players were selected as All-City choices. The rock-wall defense was led by All-City and All-State choice, Jerry Campbell. The defense allowed only 46 points to be scored against them; the offense

was equally potent as a new league record of 217 points was established in a single season.

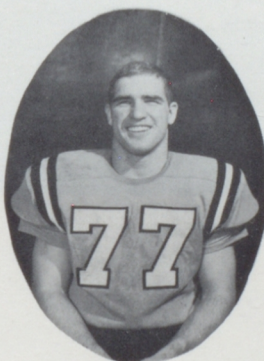

Prospects for next year look bright as 12 let-termen will be returning, despite the fact that 24 seniors will graduate.

WE CAN'T STAND STILL!

The Washington Water Power Company has been identified with dependable utility service for most of the past three-quarters of a century.

It is the reputation of a community builder, however, that we value most. Each year we have found new trails to cut, new horizons to cross, new ways to serve.

WWP's pledge to today's graduates, as well as to its other fellow citizens, is to continue, undiminished, this tradition of helping build your community.

Dear Mike (go hard driver)

Man just think two more years
and we'll ^{S.P.}escape from the prison
and not have to stare at any of
teacher, gee I can hardly wait.

Mike it sure has been wonderful
knowing such a wonderful guy as
you this past year. Remember the
the parties we had, I hope we have
many more over the summer.

Promise me something, okay?
That you and Chris never break up
you two make such a good-looking
couple. I wish both of you the
best of luck in the future.

Love Ya
Colleen
